TM Software, creator of the award winning Tempo Timesheets add-on for Atlassian's project management and issue tracking platform, JIRA, has announced a suite of project and portfolio management (PPM) solutions for JIRA, including Tempo Timesheets, Tempo Planner, and Tempo Books. Each Tempo add-on can be used alone or in tandem with other Tempo products in the product portfolio offering. However, as a full product suite, Tempo Timesheets, Tempo Planner, and Tempo Books round out JIRA as a full professional services solution for JIRA.
